Biography

Prof. Goksenin Inalhan is an Associate Professor in the Department of Architecture at Istanbul Technical University (ITU). She has a PhD from Reading University, Urban Studies, Construction Management in England. During her education in England, she worked as an assistant in MSc in Inclusive Environments: Design and Management at Reading University. She has a role as an academic advisor for the ITU Disability Support Office, where they provide students with special needs due to specific disabilities (temporary and permanent) equal access to university resources and services. She researches environmental psychology, accessibility, inclusive design and well-being, environmental design for the elderly and disabled, changing workplaces, and post-occupational assessment. Her work has been published in leading environmental psychology, workplace, and facility management journals. She is a founding member of the NGO "Senex" _Association for Aging Studies.
